Canfield, Esq , which followed, was brief, but timely, sensible and patriotic.

The afternoon exercises consisted of short speeches from various gentlemen present, mostly elergymen, interspersed with singing by the Glee Club and the children. Rev. W. H. Hurlbutt, in behalf of the Baptist Sabbath School of Chardon, availed himself of the occasion to present to Dr. Nichols an elegant photograph album, in token of their appreciation of his fidelity as their Superintendent. Many good things were said, notice, and when late in the afternoon, the exercises closed, both young and old re-turned to their homes with "happy hoarts like a charm. pr Rend Who Says So. 22 From the Reverend Levi G. Peck, Pastor of the Baptist Church, Pemberton, N. J., formerly of the North Baptist Church, Philadelphia

I have known Hoofland's German Bitters fat I have known Hoofland's German Bitters favorably for a number of years. Have used them in my own family, and have been so pleased with their effects, that I was induced to recommend them to many others, and know that they have operated in a strikingly beneficial manner. I take great pleasure in thus publicly proclaiming this tact, and calling the attention of those affected with the diseases for which they are recommended, to these Bitters,—knowing from experience that my recommendation will be austained. I do this more cheerfully as Hoofland's German Bitters is intended to benefit the sillicted, and is 'not a rum drink.' ed, and is 'not a rum drink.' LEVI G PECK. Yours truly,

From Reverend J. Newton Brown, D. D., Editor of the Encyclopedinof Religious Knowledge and Christian Chronicle, Philadelphia:

Although I am never disposed to favor or recommend Patent Medicines in general, through distrust of their ingredients and effects, I yet know of no sufficient reasons why a man may not testify to benefit he believes timiself to have received from any simple preparation, in hope that he may thus contribute to the benefit of others.

that he may thus contribute to the benefit of others.

I do this more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson of this city.—because I was prejudiced against them for many years, under the impression that they are chiefly an alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them when suffering from great and long-continued debility. The use of three bott es of these Bitters at the beginning of the present year, was followed by evident relief and restortign to a degree of bodily and mental vigor which I have not felt for six months before, and had almost despaired o reasining. I therefore thank God and My friend for directing me to the use of them.

The croak skaft and kinge joint have one center so that the knives lose no motion, no matter in what position they may be placed—The Quaker has a Stubble-Rake or Dropping—Attachment trequiring but one man to both drive and manage delivery of grain, and makes a most perfect Self-Raker.
